

**13. BELFAST SCHOOL  
- BEHAVIOUR RECOVERY PROGRAMME**

A request for support from Belfast School for a Behaviour Recovery Programme for children with behavioural and learning difficulties was reported by the Community Secretary. This had been the subject of a deputation made to a recent meeting of the North Christchurch Principals' Cluster.

The Board **resolved**:

1. To allocate \$2,500 (comprising \$1,500 for evaluation and \$1,000 for materials) from its 1998/99 Discretionary Funds towards this programme.
2. That it be suggested to Belfast School that they hold discussions with officers of the Canterbury Development Corporation regarding staffing the programme.
3. That the Board raise this matter at its next meeting with local Members of Parliament.
