

12. REFUGEE RESETTLEMENT SUPPORT

A report from the Community Development Adviser requesting funding for the Refugee Resettlement support group was deferred from the 3 March meeting until a presentation was made to the deputations meeting on 24 March.

The Board **resolved**:

1. That discussions be held with the Chairperson of the Community Services Committee and appropriate staff on possible Council funding for the Refugee Resettlement Support group and that reference be made to relevant research conducted by the Council about two years ago.
2. That a meeting be held with the Minister of Immigration (when he next visited Christchurch) and the local Members of Parliament regarding funding for projects of this type.
