CHRISTCHURCH

Dear Mr Allen

**Move of the Canterbury society of
Model & Experimental Engineers (CSMEE) to Marylands Reserve**

Further to our meeting at Marylands Reserve with Council Representatives and members of the CSMEE on Sunday 24 January 1999, I would advise that the Canterbury Canine Obedience Club committee approves the proposed CSMEE track layout as shown in "Waimairi District Council plan No 1237" provided that:

1. If at any time the CSMEE consider extending the track layout the Canterbury Canine Obedience Club is notified of this.
2. Canterbury Canine Obedience Club's activities are in no way impeded by interference by members of the public attending Open Days conducted by CSMEE. Of particular concern to us is Show Weekend each year when we run a New Zealand Kennel Club Championship Show on Marylands Reserve and we understand that CSMEE hold public Open Days over this weekend. We would prefer it if their Show Weekend Open Days were confined to their Andrews Crescent premises.

Yours sincerely

**JANET BAINBRIDGE
SECRETARY
CANTERBURY CANINE OBEDIENCE CLUB**
