

## **2. DEPUTATIONS BY APPOINTMENT**

**Craig Singleton**, was in attendance to express his concerns over the proposed establishment of a toilet block in North Beach. Mr Singleton noted that the siting of the toilet block would impair the ocean views currently enjoyed by patrons of the Ozone Tavern and Kazbah. He felt that these establishments were two important community focal points and as such should be protected as assets for the North Beach community. Mr Singleton believed that in this case the Council was not thinking holistically and that a new amenity should not be constructed at the expense of existing amenity values. Mr Singleton was also concerned that hotel managers had not been informed of the plan and that many residents also had not been notified of the toilet block installation. Mr Singleton concluded by saying that he would be content if the building works were held over whilst public consultation was undertaken.
