

20. RESIDENTS' ASSOCIATION

20.1 GOLF LINKS RESIDENTS' GROUP

Janet Begg, representing the Golf Links Residents' Group, made the following comments to the Board:

“On behalf of the Golf Links Residents' Group I would like to congratulate the Christchurch City Council and this Burwood/Pegasus Community Board on its splendid achievement in building and opening the brilliant new New Brighton Public Library. Congratulations to the Council and staff for having the vision to design such an innovative and delightful structure on the beach. And it's a real winner. The Library is busier than a supermarket on Christmas Eve, from three year olds pushing a computer mouse, to an eight year old searching the Internet. It's magic! We thank you.”

20.2 NORTH NEW BRIGHTON RESIDENTS' ASSOCIATION

Craig Singleton, representing the North New Brighton Residents' Association, sought clarification on a public meeting arranged for 16 August 1999. The Board requested that the Community Development Adviser and the Community Advocate contact the Chairperson of the North New Brighton Residents' Association and arrange an appropriate meeting.

20.3 NEW BRIGHTON RESIDENTS' ASSOCIATION

Brian Hill, representing the New Brighton Residents' Association, re-emphasised that it had a desire for the former New Brighton Library building to be used as a community centre, and that feedback from residents on its establishment had been very favourable.
