

**21. JAMELL PLACE SILVER BIRCH STREET TREES**

RR 10182

Jamell Place residents sought the removal of all silver birch trees in this street. A report from the Riccarton/Wigram Community Board outlined the consultation with residents over this issue. It had been ascertained that a number of residents had sought the removal of the trees. However the majority of residents wished to see the trees remain. A letter from residents seeking the removal of the trees was tabled at the meeting.

The Riccarton/Wigram Community Board recommended to the City Services Committee that the silver birch trees in Jamell Place be retained.

It was **resolved** that the recommendation of the Riccarton/Wigram Community Board be adopted.
