

**7. COMPACT WITH THE VOLUNTARY AND
COMMUNITY SECTOR**

RR10375

The Senior Social Policy Analyst, Mary Richardson, reported further on the establishment of a compact between the Council and the voluntary and community sector in Christchurch and in particular, as requested at the July 1999 meeting, on the possible partners to this compact. A copy of a similar compact developed in the United Kingdom was also circulated for the information of members.

The Committee noted the contents of the report and **resolved** that a subcommittee consisting of Councillors Sally Buck and Barbara Stewart should work with appropriate staff in continuing the discussion with relevant agencies in the voluntary sector regarding the proposal to develop a compact.
