

9. **SWITHLAND PLACE - LIME TREE**

RR 10323

The Arboriculturist submitted a report in response to a request made by the Board on 1 June 1999 that a method of curbing root growth and pruning be investigated and reported back.

The Board was provided with the outcomes of this investigation including details of the true positioning of the tree in relation to the property of Mrs and Mrs B Drumm at No.3 Swithland Place.

The report concluded that having explored all reasonable means of resolving the situation without success, it was recommended that the tree be removed as Mr. and Mrs. Drumm had requested and suitable replacement trees be planted nearby.

The Board **decided** to recommend to the City Services Committee that the lime tree be removed and that suitable replacement trees be planted in the vicinity.

Both Barbara Stewart and Ron Wright abstained from voting on this item.
