

3. **DOG CONTROL ACT 1996: RESTRICTED BREEDS**

To consider the following motion, notice of which has been given by Councillor Charles Manning pursuant to Standing Order 2.16.1:

“That the Council replace its submissions on the addition to the schedule on restricted breeds contained in the Dog Control Act with the following:

‘That this Council while supporting a ban on the importation of breeds agreed with the New Zealand Kennel Club to have dangerous propensities, is opposed to the compulsory neutering and muzzling of dogs on a specific ‘breed or type’ basis where there is no evidence that the individual dog has displayed aggressive behaviour’.”

(Note: This topic is the subject of a report by the Legislation Subcommittee to the present Council meeting.)
