

16. REVIEW OF WARD BOUNDARIES

Documentation providing background to the proposal for variation to the existing ward boundaries had been previously circulated. A series of meetings had been held for residents, one on 27 July in the Papanui Board Room. The report of this meeting was tabled.

The Community Secretary reported, asking for consideration to be given as to whether the Board should make a submission to the Council on this matter.

In indicating general support for the status quo, the Board **resolved** that the Chairperson and the Deputy Chairperson meet to formulate a submission.
