

17. GROWING COMMUNITIES - ORGANIC RESOURCES FOR SOCIAL NEEDS

The Solid Waste Engineer requested the Board's ideas, suggestions and interest in the use of organic resources for community style gardens to meet a wide range of social needs. The Board **resolved** to establish a subcommittee, consisting of the Chairperson, Caroline Kellaway, Carole Evans, Glenda Burt and Don Rowlands, to investigate projects to maximise the use of organic resources for community gardens in the Board's area.
