

14. GENERATIONS IN THE PARK

The Board considered a report outlining the concept of the “Generations in the Park” project and seeking support for an event in a park in each Community Board area in the 2000/01 financial year.

The Board **decided**:

1. To support in principle a “Generations in the Park” event and to seek to encourage one such event in each ward area.
2. To approach a residents’ group in each ward to host an event in a park for the year 2000 with seeding funding for this event to be provided by the Board.
