

10. CORPORATE VOLUNTEERING

RR 8501

The Committee considered a further report from Brigid Lenihan, Manager, Employment Services Unit, providing comment on the proposal considered by the Community Services Committee in September 1998, which had sought funding of \$15,000 towards the cost of a local, part-time co-ordinator for this programme.

The Committee **resolved** that the report lie on the table until 1 July 1999 and that in the interim the possibility of utilising Taskforce Green or other community employment schemes be investigated further in conjunction with the Canterbury Development Corporation.
