

9. STRENGTHENING COMMUNITY ACTION PLANS

RR 9111

The Committee considered a report from a Senior Social Policy Analyst on planning to strengthen Christchurch communities, following on from discussions at an elected member seminar in November 1998, which endorsed the concept for developing “strengthening community action” action plans.

The report sought endorsement for further development action plans and detailed the process proposed by the Community Development planning team for preparation of these.

It is intended that an addition to each Community Board developing a plan. A metropolitan plan will also be developed to incorporate city-wide projects and activities best instigated at metropolitan level.

The Committee **resolved** that the report be received, that preparation of strengthening community action plans as outlined in the report be endorsed and that Councillors Carole Anderton, Paddy Austin, Sally Buck and Sue Wells be appointed to the metropolitan plan group.
