

**11. CHRISTCHURCH SPEED MANAGEMENT STRATEGY PROPOSED
SPEED LIMITS 1999**

RR 8962

The Traffic Engineer Major Roads, submitted a report appraising the Board of new speed limits for roads and state highways in the City including the results of local feedback to publicity undertaken last year.

In response to the information submitted, the Board **decided** that the proposed changes to speed limits in the Board's area (ie: Masham and Woodridge Road) be supported and further that the various responses received in relation to the Masham area be referred to staff for study and report to the Works and Traffic Safety Committee, if necessary.
