

## **50. LIQUOR LICENSING APPLICATIONS**

The Board considered a report outlining the way in which the previous Community Board had considered applications for new and renewed liquor licences in the Hagley/Ferrymead Community Board area, and seeking the guidance of the Board on how these licences were to be considered in the future.

The Board **resolved**:

1. To consider and if necessary review applications for licences located in a residential zoned area or in the immediate vicinity of residential properties or if the Police object to a particular application.
2. That a subcommittee of the Chairman, Erin Baker and Anna Crighton be appointed and given power to act in this matter, if necessary.
