The purpose of this report is to start the legal procedures necessary to stop a portion of legal road.

The reason for this road stopping is to stop a portion of Charlesworth Street between Shearwater Drive and the canal for traffic management purposes. Once the subdivision north of Charlesworth Street is completed the portion of Charlesworth Street between Shearwater Drive and the canal will become redundant. The bridge over the canal is not up to full roading standard to carry heavy traffic and has a weight restriction. The Council has acquired the land on both sides of the portion of road and the land when stopped will be amalgamated with the Council land and used as a reserve.

City Streets agrees with this proposal.

The proposed road stopping is not shown in the Notified City Plan.

RESOLUTION

Pursuant to the provisions of Sections 319 (h) and 342 of the Local Government Act 1974, the Christchurch City Council hereby resolves to stop that portion of road as shown on the plan and described in the Schedule hereto.

REASON FOR THE ROAD STOPPING

The reason for this road stopping is to legally stop the portion of Charlesworth Street between Shearwater Drive and the canal to restrict vehicle access onto Charlesworth Street. The physical stopping of the road will be carried out at the time of the completion of construction of Shearwater Drive.

PURPOSE TO WHICH THE STOPPED ROAD WILL BE PUT

The portion of road when stopped will be held by the Council in fee simple and used for reserve purposes pursuant to Section 345 (1) (b) of the Local Government Act 1974.
