

29. KULCHA TRUST PETITIONS

Three petitions had been presented to the November meeting requesting a skateboard ramp in MacFarlane Park, a youth activities centre in the Emmett Street/Acheson Avenue area and a mural for the toilet block in MacFarlane Park. The Community Development Adviser reported on each request. A further request for funding to pay the Trust's rental for one year was reported.

The Board **resolved:**

1. That, pending the outcome of the trial of the skateboard ramp at St Albans Park, the Board later consider the possibility of re-locating the temporary skateboard ramp to MacFarlane Park on a trial basis.
2. That a community needs analysis of the Shirley area be conducted.
3. That the Area Parks Officer pursue a mural to be painted on the MacFarlane Park toilets, provided that an appropriate design was received from the Kulcha Trust.
4. That the Shirley Board members meet with all the groups in the area and co-opt Judith Bruce and others to work with them; and that they be given the power to approve funding to the Trust for rent to 30 June 1999 following that meeting if they deem it appropriate.
