

**35. WESTERN ASSOCIATION FOOTBALL CLUB
- LIGHTING IN WESTMINSTER PARK**

In a report from a Parks Officer, the Board's support was sought for the installation of training lights at Westminster Park by the Western Association Football Club for winter training. The club intended to fund the relocation and upgrading of the flood lights from funds received from the sale of Westminster Park, with a balance to come from funding organisations.

The Board **resolved:**

1. To recommend to the Parks Manager that the application by Western Association Football Club Incorporated to erect training lights on Westminster Street Park be approved subject to the conditions as set out in the report.
2. That the Parks Unit advise the wider community via a letterbox drop of the club's decision to apply for a Resource Consent to erect training lights on Westminster Park.
