

5. CASTLETOWN PLACE ACCESSWAY

The Area Engineer provided an update on consultation and actions taken in response to the petition and report on the Castletown Place accessway, presented at the Board's 1 February 1999 meeting. The Board **decided:**

1. That the Castletown Place pedestrian accessway remain open for public access.
2. That signatories to the petition be informed of the decision.
3. That the Board request feedback on maintenance and cleaning issues, in particular, in six months time.

(Glenda Burt declared a conflict of interest and withdrew from the table.)
