

10. ROAD SAFETY FOR SCHOOLS STEERING GROUP

RR 10202

A report submitted by the Schools' Advocate updated the Committee on progress achieved in improving road safety for schools as set out in the terms of reference for the Road Safety for Schools Steering Group, adopted by the Council in July 1997. The report informed Committee members of some of the road safety projects that the Steering Group has been actively involved in, the road safety programmes that it has responsibility for, and the positive impact that these initiatives and programmes have had on the community.

The information was **received**.
