

### **13. “GOOD NEWS STORIES”**

Pat Harrow, having recently observed some positive examples of lateral thinking and creativity, proposed that both elected members and Council staff be encouraged to continue to practise Edward de Bono’s techniques

Mention was made of recent public recognition of residents from within the Board area, including honours for services to music, the captaincy of the NZ Karate team and two secondary school pupils for their success in the Maths Olympiad.

Felicitations were extended to Yiyi Ku on her engagement, and good wishes were extended to Tony Gemmill for a speedy recovery.
