

7. COMMUNITY BOARDS CONFERENCE - TAUPO

John Freeman had attended the Community Boards Conference in Taupo from 27~30 May 1999 and had provided a written report on the decisions made at this Conference and the major facts that emerged during the Conference.

At the meeting, Mr Freeman verbally outlined this Conference to Board members in more detail and expressed regret that the Hagley/Ferrymead Community Board was not represented by more than one Board member as 15 out of the 38 Community Board members in Christchurch were present at this Conference.

The Board **decided** to receive this report and thanked John Freeman for attending this Conference and for representing the Board at the Conference.
