

3. RESIDENTS' GROUPS BY APPOINTMENT

Mrs Carole Greenfield of the Linwood Neighbourhood Committee addressed the Board expressing support for the proposal to plant fruit and nut trees in parks and stated that her committee would particularly support the planting of suitable trees in the newly purchased reserve at 84 Stanmore Road expressing the hope that the Board would not find itself confined to undertaking additional planting in one area only. Mrs Greenfield undertook that her Committee would encourage the community to look after and value any trees planted.
