

**7. YALDHURST ROAD (FOVANT STREET TO RACECOURSE ROAD)  
KERB AND CHANNEL RENEWAL**

The Board was in receipt of a report from City Streets Unit on the proposal to provide kerbs and channels along the north-east side of Yaldhurst Road between Fovant Street and Racecourse Road.

A plan would be circulated to residents shortly.

In receiving the report an area of concern to the Board was the intersection with Racecourse Road. The lack of a designated turning lane for traffic joining Yaldhurst Road (which exists currently) by way of a right turn out of Racecourse Road was identified.

Accordingly the Board **decided** to outline its concerns to City Streets Unit on this.
