

**8. DRAFT GENERAL POLICY FOR
SIGNS AND ADVERTISING ON PARKS**

RR 10061

The Parks Manager submitted a draft policy for signs and advertising on parks and sought approval to seek the views of the community and key stakeholders on the draft policy.

During discussion on the draft policy Councillor Corbett raised concerns regarding restrictions proposed in the policy relating to the display of permanent advertising and suggested that each case should be considered on its individual merits.

The Committee **decided**:

1. That the draft General Policy for Signs and Advertising on Parks detailed in Section 6 of the above report be released for comment particularly to stakeholders such as sponsors, sports clubs, sports associations and Community Boards.
2. That the issues raised by Councillor Corbett be taken into consideration in developing the final policy.
