

7. GUY FAWKES FIREWORKS EXTRAVAGANZA

RR 10006

The Leisure Manager reported in response to an earlier request of the Committee that an evaluation be undertaken of the relevant merits of alternative venues for the above event. The report examined the advantages and disadvantages of a number of venues and concluded that as the New Brighton Pier has proved successful it should continue to be used as the venue for this event.

The Committee supported this conclusion and **decided** that the Guy Fawkes Fireworks Extravaganza continue to be held at New Brighton.
