

12. PROPOSED ROAD STOPPING:

RETENTION OF STOPPED ROAD IN COUNCIL OWNERSHIP RR 9296
TWO PORTIONS OF HULVERSTONE DRIVE Map Reference: 17D

Officer responsible City Streets Manager	Author Lester Reilly, Legal Surveyor Design
Corporate Plan Output: Roading Land page 9.5.text.14	

The purpose of this report is to bring the Council up to date as to the road stopping at Hulverstone Drive. The road stopping is to enable the bridge over the Avon River to be constructed as part of the 'Ring Road'.

One objection was received when the Council called for objections in January 1995. As the objector would not withdraw his objection after a Council hearing the matter was sent to the Environment Court for a determination. The Court has now released its decision and they have confirmed the Council's decision to stop the two portions of Hulverstone Drive as shown on the attached plan and described in the schedule hereto.

SCHEDULE

Portions of Hulverstone Drive being all those parcels of land situated in the City of Christchurch and described as follows:

Shown As	Area	Survey Office Plan	Adjoining Land
A	39 m ²	19229	Lot 1 DP 41438
B	39 m ²	19229	Lot 1 DP 41438

The Council can now place a notice in the local paper declaring the portions of road as stopped.

It will be necessary to physically close-off the road sometime after 1 July 1999 to enable work on the proposed bridge to proceed.

- Recommendation:**
1. That the Environment Court decision be received.
 2. That the Christchurch City Council shall by public notice declare the said portions of road as stopped.
 3. That the stopped road be held in the Council's name and landscaped pursuant to Section 345(1)(b) of the Local Government Act 1974.
