

## 6. **“DYNAMITE BAY” – AFTER SCHOOL RECREATION PROGRAMME**

A report from the Community Development Adviser provided an evaluation of the Dynamite Bay after school programme, which is currently held one day a week. The report included details of a proposal to extend the programme to two days per week and a request for additional funding to enable this to proceed.

The Board **decided:**

1. That this matter be considered by the subcommittee at its meeting on 17 March 1999.
2. That the subcommittee be given power to act, to enable the appropriate funding to be provided to facilitate the continuation of the Dynamite Bay programme in the interim.
