

## 10. SPENCER PARK INFORMATION PANEL

A joint report from the Coast Care Supervisor and Area Parks Officer sought funding from the Board's 1998/99 Discretionary Funds as there was no budget provision within the Parks Unit for the production of an information panel at Spencer Park.

The Board **decided** that the matter lie on the table and a report be prepared for the 31 March meeting providing a cost breakdown, alternatives and details of the size of the proposed information panel.
