

**1. DISPOSAL OF SURPLUS COUNCIL PROPERTY
200 LINCOLN ROAD**

RR 9415

The Board considered a report on the proposed disposal of a property at 200 Lincoln Road acquired for road widening purposes. Having taken the land required for the widening, the balance of the land may now be surplus to the Council's requirements.

The Board, along with all units of the Council, was asked to consider whether it wished to make a submission for the retention of the property for any specific purpose.

The Board **decided** to advise the Property Manager that the Board had no interest in retaining this property.
