

9. **CATHEDRAL SQUARE REDEVELOPMENT  
OFF STREET PASSENGER WAITING AREA**

RR 9814

At the 25 November 1998 meeting of the Committee officers were requested to investigate the provision of an off street waiting area for bus passengers in the vicinity of Cathedral Square. A report to the Committee advised of enquiries made by officers and the Committee's direction on whether or not to reallocate funding from the public transport initiatives and planning budget for the provision of an off street passenger waiting area was sought.

The options outlined to the Committee were considered not suitable. The Committee **decided** that officers investigate further options for the provision of an off street passenger waiting area in the vicinity of Cathedral Square for use until the bus interchange comes into operation.

(Note: Councillor Graham Condon requested that his vote against this decision be recorded.)
