Corporate Plan Output: City Plan	

The purpose of this report is to correct minor errors in the Proposed City Plan.

A number of minor errors have been discovered in the Proposed Plan that were not able to be resolved through the hearings on submissions or that have been discovered when the Plan was amended to incorporate the Council decisions. The Resource Management Act enables the Council to amend its proposed plan, without further formality, to correct minor errors and to alter any information where this would have a minor effect. The following amendments are proposed.

**Chairman's**

**Recommendation:** That the Council resolve to amend the Proposed Christchurch City District Plan, pursuant to Clause 16(2) of the First Schedule of the Resource Management Act 1991, in accordance with the attached amendments.

**CONSIDERED THIS 27TH DAY OF MAY 1999**
