

**6. TUDOR AVENUE/GOTHIC PLACE - RESIDENTS LETTERS**

RR 9758

The Area Engineer reported that letters of concern had been received from several residents in Tudor Avenue, Gothic Place and Waimairi Road requesting that traffic calming be provided in Tudor Avenue in acknowledgement of the street being used as short cut and to control speeding vehicles.

The Board **received** the information and the Area Engineer is to report back to the August 1999 meeting of the Board. It was also **decided** that the planning process in developing LATMS/NIPs be a discussion topic at the forthcoming informal joint meeting with the Shirley/Papanui Community Board.
