

## 19. YEAR 2000 PROJECTS

The Board considered the report of a subcommittee appointed to consider the process to be used for the distribution of the Board's Year 2000 fund.

A process for distribution of this fund, criteria for distribution of the fund and a time line and administrative arrangements for the funding were set out in the report.

In addition, the Board discussed the request received for funding for an exchange of students from the Linwood High School.

The Board **resolved:**

1. That the guidelines for this fund and the proposals for implementing its distribution, as recommended by the subcommittee, be adopted by the Board.
2. That the Linwood High School application for funding be considered from the Board's discretionary funds after a proposed budget for this project has been received from the Linwood High School.
