

10. RICCARTON-FENDALTON PONY CLUB

The Board's Community Recreation Adviser presented a request for financial assistance from the Riccarton-Fendalton Pony Club who are constructing a new cross-country course. The club is sited within the grounds of the Riccarton Jockey Club.

The Board **decided** to hold the request over (to its Finance and Policy Committee) while further discussions are held with the club on their fundraising progress.

(Mike Mora declared an interest in this and took no part in the discussion.)
