

7. ST ALBANS – LOCAL AREA TRAFFIC MANAGEMENT PLAN

The City Streets LATMS Coordinator and the Area Engineer reported on the impending development of a Local Area Traffic Management scheme for the area between Madras Street and Hills Road, from Bealey Avenue to Warrington Street. A large amount of kerb and channel reconstruction work was programmed for this area over the next few years and, wherever possible, elements of the LATMS projects would be coordinated with this work.

The Board **received** the information and decided that a public meeting be held on Thursday 20 May 1999 at 7.15 pm in the Shirley Community Centre Hall, corner Shirley Road and Slater Street, to introduce the LATMS process and record the traffic concerns of the residents.
