

5. CYCLE LANE RED SURFACE COLOURING

RR 9796

The Board considered a report on the use of red cycle lane surface colouring, and comments of future use of the product were sought.

The Board **resolved**:

1. To receive the information.
2. To support the use of red lane colouring for certain stress points in the areas where cyclists are at greatest risk.

(Barry Corbett, Sonia Gill, and Lynda Carter voted against resolution 2)
