

3. BUS STOP LOCATIONS – POLICY

The Board considered a report presenting a guideline and giving a framework for locating bus stops in the city. This guideline is used by the City Streets Unit to assess the position of bus stops.

The Board **decided:**

1. To receive the information.
2. To urge that an assessment of the implications be undertaken when bus stops are removed or bus routes are altered.
3. To urge that consultation needs to take place before bus stops are installed or removed.
