

## 2. LAND TRANSPORT STRATEGY VISION STATEMENTS

The Joint Committee **received** two vision statements, being:

(i) Regional Land Transport Strategy Vision Statement – Consultation.

The statement referred to the region's visions and values for 2025:

- The best possible quality of life
- Goal 1: Equitable access for all sectors of the community
- Goal 2: An efficient and sustainable transport system supports a thriving economy.
- Goal 3: A transport system that promotes a social environment that is safe and supportive.
- Goal 4: A transport system that is consistent with healthy, pleasant and pollution-free environment.
- Goal 5: A transport system which is safe.
- Goal 6: A transport system that values and encourages community participation.
- Goal 7: Transport and man-use planning are an integrated part of a process that takes account of wider community processes.
- Goal 8: A transport system that encourages innovation and is responsive to change.

(ii) Metropolitan Christchurch Transport Strategy Vision Statement

The statement referred to Christchurch City's vision for 30 years hence:

- A quality of life second to none
- Goal 1: A transport system that provides equitable access to opportunity for all sectors of the community
- Goal 2: An efficient transport system that sustains a thriving and internationally competitive economy.
- Goal 3: A transport system that encourages a social environment that is safe, friendly and pleasant.
- Goal 4: A transport system that is consistent with a healthy and pollution-free environment.
- Goal 5: A transport system that is safe to use.
- Goal 6: Transport planning is part of an integrated framework and takes account of wider community objectives, including the relationship between transport and land-use.
- Goal 7: A transport system in which all sectors of the community participate in planning and work together to actively support their desired outcomes.
- Goal 8: A transport system that encourages innovation and is responsive to change.

The two vision statements are appended.

**Recommendation:** That the Regional Land Transport Strategy Vision Statement and the Metropolitan Christchurch Transport Strategy Vision Statement be received, and that both statements be recommended to the Christchurch City Council for approval.
