

**2. CHRISTCHURCH CITY COUNCIL AND CANTERBURY REGIONAL COUNCIL JOINT STANDING COMMITTEE AND CANTERBURY REGIONAL COUNCIL LAND TRANSPORT COMMITTEE**

To consider the following motion, notice of which has been given by Councillor Denis O'Rourke pursuant to Standing Order 2.16.1:

- “1. Where one of the Council’s Standing Committees is responsible under its terms of reference to report and make recommendations on a matter requiring a decision by the full Council, then if that matter is also discussed by the CCC/CRC Joint Committee, it make any recommendations it has to the appropriate Council Standing Committee, rather than direct to the full Council, in order to ensure co-ordination of effort.*
- 2. Where regional transport matters are properly considered by the Regional Land Transport Committee (which is a joint committee including both CCC and CRC representatives), those matters will not also be matters for the CCC/CRC Joint Committee, in order to avoid duplication by two joint committees.*
- 3. The CCC representatives on the Regional Land Transport Committee be reviewed by substituting the members of the Land Transport Subcommittee for the extant appointees, namely:*

*Councillor Close  
Councillor O'Rourke  
Councillor Howell  
Councillor Wright (alternate)  
Councillor Thompson (alternate)”*
