

7. SPREYDON LIBRARY – ACCOMMODATION OPTIONS

RR 10980

The Property Manager submitted a report on the accommodation options to meet the Spreydon Library's demand for additional space and seeking approval to proceed with one of the options. The report was presented to the Parks and Recreation Committee for information and comment in respect of parks reclassification as it related to one of the options.

The Committee **decided** to advise the Strategy and Resources Committee:

1. That the Parks and Recreation Committee's first preference is for options that do not involve encroachment onto park land, or loss of notable trees.
2. That the Parks and Recreation Committee supports the recommendation of the City Services Committee ie:

“That a report be sought on the provision of a combined service centre/library for the south Christchurch area which would obviate the need for major upgrading of the St Martins and Spreydon Libraries.”
