

## **8. SLATER STREET – GUILD STREET INTERSECTION CONTROLS**

The Area Engineer reported, seeking approval for the installation of Stop sign controls against each leg of Slater Street at the intersection of Guild Street for traffic safety reasons.

The Board **resolved:**

1. That Stop signs be placed against each approach of Slater Street at its intersection with Guild Street.
2. That education advertising be distributed at the time of the installation of the Stop signs.
3. That the Papanui Police be notified at the time of installation of this change with a view to appropriate enforcement.
