

5. BUS STOP LOCATIONS - POLICY

RR 10701

The Board considered a report providing a guideline and framework for locating bus stops around the City. The guideline will be used by the City Streets Unit to provide bus stops and to help implement the Public Transport Policy, July 1998.

The Board **decided** to recommend to the City Services Committee:

1. That subject to the addition of a new bullet point “Opinion of residents” being included in the list of issues to be considered when locating a bus stop, the guidelines be endorsed as the basis of a policy.
2. That the Council be requested to also develop guidelines for the removal of bus stops.
