

2. ERNLEA RESERVE

The Board considered a report providing information following further public consultation regarding the naming of Ernlea Reserve.

Bruce Harding was granted speaking rights, and spoke to the Board in support of re-naming Ernlea Reserve to Ernle Clark Reserve, together with providing important historical information that had not previously been available to the Board.

Recommendation: 1. That an information board providing appropriate historical details be installed at the reserve.

(Sue Wells requested that her vote against the above recommendation be noted.)

2. That the reserve name be “Ernle Clark Reserve”.

(Sue Wells and Lynda Carter requested that their votes against recommendation 2 be noted.)
