

## **8. REVIEW OF ADVERTISING ON BUS SHELTERS POLICY**

The Senior Planner, Urban Design and Projects, and Roads Assets Manager reported on a review of the Council Policy relating to advertising on bus shelters. The Board **decided:**

1. To write to residents' associations requesting their feedback on the draft policy, and inform them that the policy may change to include advertising on bus shelters in residential areas.
2. That the Board support the installation of advertising on bus shelters in principle, with appropriate consultation with individual residents and residents' associations.
