Corporate Plan Output: page 9.5.87 Asset Improvements	

The purpose of this report is to advise the Council of the details of this contract and to accept a tender.

This Contract is for the construction of a new road and roundabouts at Travis Road and New Brighton Road and includes the completion of the carriageway on the existing embankment which connects the roundabouts. Works will include a major tide control culvert structure under New Brighton Road, between the new Barkers Waterway and the Avon River, and large diameter piping at Travis Road.

Six selected tenderers priced this work and tenders closed on 6 October 1999.

Tender prices were received as follows:

Canroad Construction Limited	\$1,924,000.00
Francis Construction Limited	\$1,950,393.88
Laing Contractors Limited	\$2,017,708.27
Taggart Earthmoving Limited	\$2,301,411.27
Works Civil Construction Limited	\$2,540,979.80

All prices exclude GST.

The Isaac Construction Co Limited did not submit a tender price due to work commitments.

These prices include a contingency sum of \$150,000 and the work is for a twenty-six (26) week construction period.

The estimate for the work was \$2,053,000.

Recommendation: That the lowest price conforming tender of Canroad Construction Limited for the sum of \$1,924,000.00 be accepted.
