

**27. MAIDSTONE ROAD/WAIMAIRI ROAD INTERSECTION
IMPROVEMENTS**

RR 10859

The Council at its meeting on 23 September adopted a scheme to install traffic signals at the intersection of Maidstone Road and Waimairi Road. The plan also included the construction of a pedestrian island, the marking of cycleways and a flush (painted) median between the intersection and Tudor Avenue. The Council agreed that procedures should be commenced to designate land along the east side of Waimairi Road north and south of Maidstone Road to cater for the future four-laning of the intersection.

Torquay Holdings Limited and Alan Carter, owners of the shops on the corner of Maidstone Road and Waimairi Road, commissioned a report from Traffic Design Group on the proposed upgrading of Maidstone Road/Waimairi Road intersection. This report was submitted to the Fendalton/Waimairi Community Board and to the City Services Committee. The Committee received the Traffic Design Group's report and recommended that this be taken into consideration in the assessment of the final design layout for the traffic signals at the Maidstone Road/Waimairi Road intersection.
