

#### 41. SUPPLEMENTARY REPORTS

The Chairman referred to the following supplementary reports which had been separately circulated for consideration at the present meeting:

- Contract No 99/2000-93  
Woolston-Burwood Expressway  
Stage 1 Travis Road to New Brighton Road - Road Construction
- The Orbiter: Rationalisation of Greers Road Bus Stops
- Relocation of Tree - City Mall (verbal report)

The Chairman advised that these reports were not included in the agenda for the reason that they were not available at the time the agenda was prepared and circulated and that in each case it was necessary that the report be dealt with at the present meeting rather than being deferred to a subsequent meeting.

It was **resolved** that the reports be received and considered at the present meeting.
