

## 8. CENTRAL CITY REVITALISATION

RR 10625

A report from the Environmental Policy and Planning Manager advised members of the outcomes from the recent Mayoral initiatives on revitalising the central city, and recommending a way forward for the Council.

It was noted that the report was also going to the Strategy and Resources Committee.

The Committee **decided** to advise the Strategy and Resources Committee of its support for the following recommendations:

1. That the Council endorse the concept of the establishment of a Board to undertake projects that revitalise the Central City.
2. That an Interim Board be set up to progress the issue with the intention of establishing the Board on 1 July 2000.
3. That a draft Statement of Corporate Intent for the Board, be prepared for approval by the Council.
4. That the means of funding the Board be investigated and reported on by March 2000.
5. That Council review its Central City land holdings, and request that the Council's trading companies do the same, with a view to assessing what contribution such holdings could make to Central City revitalisation.
6. That the (Interim) Board report to the Strategy and Resources Committee.
7. That the Environment Committee support the appointment of an interim board and the recommendations contained within the report.
